MEDICINAL.

"WHIZ!!" WALK A MILE

Is a laconic definition of a toboggan ride. It's quick work going down the slide, but it's a long climb back to the starting point. It is very much that way with health; it is quickly lost and slowly regained. When the first symptoms of failing health appear, proper care may prevent the descent to utter weakness and debility. Usually the complication of disorders known as the "Golden Medical Discovery," which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition. These diseases are perfectly cured by the use of Dr. Pierce's Golden Medical Discovery. It cures through the stomach disorders, which have their origin in a diseased condition of the stomach.

There is no alcohol in the "Discovery," neither opium, cocaine nor other narcotics.

"I was all run down, had no strength; had sharp darting pains all through me; head and back ached every day," writes Mrs. Frank Caswell, of Salamanca, N. Y. "I was also troubled with a distressing feeling in the stomach and pain in front of the hip bones. I had a severe cough and it nearly killed me to draw a long breath. I was so sure through my lungs."

"I wrote to Dr. Pierce, telling my symptoms as near as I could. He sent me a very kind letter, advising me to try his medicines, which I did, and before I had taken them a week I was decidedly better. I took two bottles of the 'Golden Medical Discovery,' and two of the 'Favorite Prescription,' and am sure I never felt better in my life than when I quit taking them."

Dr. Pierce's Pleasant Pellets are a cure for biliousness.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newcomb's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

"Destroy the cause, you move the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

SITUATION IN THE EAST.

Again the chance of a decisive battle between General Kuropatkin and the commander of the Japanese armies seems to be disappearing. According to a statement issued by the general staff at St. Petersburg last night rains are again falling over a wide area in Manchuria, with the prospect of impending operations, but even more important is the information from an exceptional source that the Japanese once more delayed too long.

General Kuropatkin has now withdrawn the bulk of his army safely north of Liaoyang, leaving only a strong rear-guard line southeast of Liaoyang to contest the advance when it comes.

According to this information the Japanese have about 300,000 men in the armies operating against General Kuropatkin, rendering it too hazardous for him to risk a general engagement.

The general staff has no information bearing on the reported presence of a large force of Japanese at Paithubo, a place that cannot be located in available maps. The report agrees, however, with the general tenor of the information received in St. Petersburg to the effect that General Kuropatkin is already retreating north of Liaoyang.

A correspondent of the London Daily Mail who visited Simintun, which is on neutral Chinese territory, about 30 miles west of Mukden, cables the following under date of August 10:

"There is an enormous garrison at Mukden, reinforcements having arrived very rapidly. There are no Japanese north of the city. A force of some strength lies 25 miles to the south and there is another Japanese army five miles east of Liaoyang. I learn from a reliable source that the main Russian army has fallen back on Chintau."

A Russian torpedo boat destroyer entered Chelof harbor at 5:30 o'clock yesterday morning and reported that six Russian battleships, four cruisers and half of the torpedo boats escaped from Port Arthur yesterday morning. The torpedo boat destroyer left Port Arthur last night, bringing in five passengers who stated that the Japanese fleet is pursuing the Russians and that a battle on the open sea is expected.

Discounting the fall of Port Arthur and the disastrous defeat of General Kuropatkin at the hands of the combined Japanese armies, some diplomats in St. Petersburg are already speculating upon the situation in which the combatants would be left and the question as to whether it is possible that a war would be opened for peace. The almost unanimous opinion is that, with her present record of victories, combined with the financial difficulties of continuing the war indefinitely, Japan would welcome peace, and the almost equally unanimous verdict is that Russia would adopt a contrary course. Even should every Russian soldier be driven out of Manchuria, the diplomats believe that Russia could not afford to yield, but would be compelled to doggedly continue the war, collect another army in Siberia, and take the offensive next year. Several keen diplomats, however, are of the opinion that Japan, by a clever coup in the event of Kuropatkin being routed, might perhaps force the powers to intervene in a war that Russia could not resist.

LABOR TURMOILS.

Information was received yesterday at the headquarters of the Western Federation of Miners at Denver, Col., that bondsmen for the men charged with crime in connection with the Victor riot of June, who have been released on bail, have been notified by a committee, representing the Citizens' Alliance and Mine Owners' Association, that unless they withdraw from the bonds of the accused men they would be deported. All the bondsmen except one, accordingly, have called at the office of the district attorney and asked to be relieved of their responsibility. The request was granted in the cases of men who are in Cripple Creek and could be immediately rearrested. Several of the accused, however, have left the district and their bonds will stand until they are again taken into custody and returned to Cripple Creek.

Charles H. McGuire, president of the Pork Butchers' Union, and leader of the packinghouse strike in Sioux City, was yesterday afternoon arrested on charges of conspiracy to injure the business of the Cudahy Packing Company. McGuire, who was out on bonds, was arrested last Saturday for assault on a 16-year-old boy. The present charge grows out of the same affair, it being alleged that McGuire was in a conspiracy to intimidate persons approaching the Cudahy packing plant on business. A deputy United States marshal yesterday served Federal Judge Reed's restraining order on such strikers as he could find. Many had left town.

Two hundred Italian and German strikebreakers who were taken up the East river to the Schwarzschild & Sulzberger plant, in New York, on the tug DeWitt yesterday afternoon, and transferred to a lighter, where arrangements had been made for them to sleep for the night, were attacked by a lot of the strikers. A number of the strikebreakers were badly beaten, and others were so badly frightened that they jumped in

to the East river to escape and were rescued with difficulty. The strikers who attacked the men belong to the class known as "fat men." They remained after the other men went out in order to clean up, and were to have gone out yesterday afternoon. They were still at work when the DeWitt arrived, and the sight of the non-union men being brought to the plant right under their noses infuriated them. They dropped everything and went for the non-union men, who did not fight very hard. There were only a few policemen around at the time, but the reserves were sent for at once. When they arrived the fight was all over and the new men were completely routed. No arrests were made.

End of Bitter Fight.

"Two physicians had a long and stubborn fight with an abscess on my right lung," writes J. F. Hughes of Du Pont, Ga. "and gave me up. Everybody thought my time had come. As a last resort I tried Dr. King's New Discovery for Consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely regained my health." It conquers all Coughs, Colds and Throat and Lung troubles. Guaranteed by E. S. Leadbeater & Sons, Druggists. Price 50c, and \$1.00. Trial bottles free.
